When the brand agrees to work with us and pays their 50% advance, you immediately earn a **20% commission** on the deal. No complicated processes, no delays — just straightforward earning for your effort.

## Speak with Confidence

You're representing a professional agency. Stand tall, make eye contact, and believe in what you're offering.

## Offer Real Value

Don't beg for business — you're presenting a solution that can genuinely transform their brand's reach and sales.

## Be Professional

Always be respectful, well-prepared, and knowledgeable about what Our Cashmir delivers to clients.

# Three Proven Ways to Find Brands

## Online Approach

### Instagram & Facebook Search

Search for local businesses using keywords like 'Kupwara Cafe,' 'Srinagar Clothing,' 'Baramulla Salon,' 'Anantnag Restaurant' — discover hundreds of potential clients.

Send professional DMs introducing yourself and Our Cashmir's services. Follow up politely if they don't respond immediately.

## Offline Approach

### Direct Shop Visits

Walk into local businesses in your area — markets, shopping complexes, commercial streets. Introduce yourself confidently, show your Scout ID, and explain how you can help.

Face-to-face meetings often build stronger trust and close deals faster than online messages.

## Cold Calling

### Phone Outreach

Find business phone numbers online or from local directories. Call stores and introduce yourself politely with your prepared pitch.

Be prepared for rejections — they're normal. Focus on the ones who show genuine interest and keep moving forward.

# Secrets to Becoming a Successful Scout

These proven tips separate top-earning scouts from average performers. Follow them religiously:

## Be Respectful & Confident

Always maintain professionalism. Confidence attracts business — desperation repels it. Believe in yourself and the value you're offering.

## Qualify Your Leads

Don't waste precious time with people who clearly aren't serious or interested. Focus your energy on prospects who show genuine curiosity.

## Stay Consistent

Success requires daily effort. One solid client can generate your entire week's income. Keep reaching out every single day.

## Track Everything

Maintain a notebook or phone notes with all leads — names, numbers, dates contacted, status. Organization leads to more closed deals.

## Submit Properly

Send all deal information to our WhatsApp clearly with proper screenshots, voice notes, or written details. Clear communication prevents confusion.

# You Are Building Modern Kashmir

# This is bigger than money

This program isn't just about earning commission or making quick cash. It's about creating real opportunities in our homeland. We are building a completely new digital economy right here in Kashmir, and you — yes, you — are the first generation of scouts making this transformation possible.
